Internship Description

Title: Junior Cyber Security Analyst (GRC)

Company: Cyberinfoga Services Private Limited

Location: India (Remote)

Job Type: Training cum Internship

Duration: 3 Months *(Starting from 7th February 2026)*

Fees: ₹4,999 *(Regular)* and ₹3,499 *(NFSU Students)*

Stipend: Unpaid

About Us: Cyberinfoga is a leading provider of cyber security and IT services, founded in 2024. They offer a range of services including mobile device forensics, email forensics, disk imaging, and digital media analysis. Our mission is to provide top-notch solutions that enable businesses to operate securely and efficiently in the digital age. We are committed to staying ahead of industry trends and offering customized solutions. We also provide comprehensive training programs, cyber law workshops, website design, development, and digital marketing services.

Join us and be a part of a dynamic team that is shaping the future of cyber security and IT services.

Description: We are offering a 3-month internship in the domain of Governance, Risk, and Compliance (GRC). This internship is designed to provide students with hands-on experience in the GRC domain, focusing on documentation and understanding how things work in this field. The internship is unpaid, but students will gain valuable knowledge and skills that will be beneficial for their future careers.

Key Responsibilities:

1. Assist in the creation and maintenance of GRC documentation.
